

## **Fundraising 2012-2013**

- This year we made strides in getting all our items online.\*
- We will be selling items from previous years.
- At the Interim Board meeting, we started the process of finding out what members would like to purchase with our “BPW/TN” embellished on it. Findings were inconclusive since it was difficult to find the exact items everyone wanted to agree on to purchase at a reasonable price.

**\*For purchase amounts please consult with State Treasurer Finance/Profit Report**
