Submitted to 1st State V.P. and Federation President on April 16, 2013

Our Program for 2013

Gallatin BPW has worked on three major goals during 2012-2013. We sold pecans in the fall to support our goal of raising funds for women's scholarships at Volunteer State community College. In addition we sponsor the Educate A Woman Luncheon in the spring committing ourselves to donate at least \$1,000.00 to the Vol State Foundation for scholarships. We are recognized in the program and signage for our contributions.

Secondly, Gallatin BPW sponsors the Reality Store program in Sumner County for which we also receive recognition from the schools and community in our local newspaper.

Our third goal is to maintain contact with our senior, retired members who are no longer active. We do this by arranging monthly luncheons and two dinner meetings in the summer and at Christmas. At these informal dinners we also collect food and/or supplies to support our local Homesafe program.

We did not take an active part in any issues/management or legislative programs on the state level this year.

Respectfully submitted,

Patricia Lee Walker, Gallatin BPW President
